Dear Warden LeBlanc:

I am pleased to inform you that \$4,532 in funding from legacy federal infrastructure programs will be made available for transfer to the Municipality of the District of Clare as a Gas Tax Fund allocation for the purpose of funding municipal infrastructure and capacity building projects.

Infrastructure Canada has transferred uncommitted funds from legacy federal infrastructure programs to the Province of Nova Scotia totalling \$678,902. As a result, a portion is allocated to each municipal unit through the Gas Tax Fund program. It is to be used for additional investments under that programs eligible categories and is intended to ensure funds are directed towards municipal infrastructure needs.

These funds are aimed at contributing towards our shared objectives of productivity and economic growth, a clean environment and strong cities and communities in accordance with the terms and conditions as set out in our Gas Tax Municipal Funding Agreement. Should you have any questions, please feel free to contact Aileen Waller-Hebb, Director of Grants and Programs at (902) 424-7414.

Sincerely,
