Municipality of Clare,

Every year during duck hunting season ; my house, garage and my business come under fire from hunters shooting toward Hwy. # 1, from the property behind us. The hunters are shooting at ducks in north doucette lake. I have been hunting since I was 14 years old , so I am well aware of the sounds the pellets make.

Efforts by me and my neighbour , Richard Robichaud (Belliveau Motors) have gotten us nowhere . We spoke to the hunters and to Natural resources, with no results.

The hunting regulations clearly state you cannot shoot within 600 hundred feet or 180 meters from any dwelling or business . My house and business are within this limit . With the advances in firepower many guns now shoot pellets 1000 feet plus . We have permission to post " No Hunting " signs.

We the undersigned would appreciate any help the municipality can offer.

- P. Desjardins
- Roy Gauthier
- Mrs. Bette
- Jeff Dugas
- R. Robichaud

Sincerely

Curtis Gaudet
